

Welcome & Introduction

Gary Varner

2nd LAPPD PhotoCathode GPC Review

What are the key Questions to be answered?

5-OCT-2010 at Argonne

For review/Discussion

(who, what, where, why & when)

1. Organization

- Who doing what to which milestones?

2. Multi-alkali Fundamentals (Pillar 2)

- Basic understanding: linkage of studies to items 3 & 5?

3. Multi-alkali Tile PhotoCathodes (Pillar 3)

- Updates/changes to SSL & ANL plans?

4. Role of III-V Materials

- Low enough noise, adequate QE; ALD component?

5. A dedicated PC Growth and Characterization Facility?

6. Tile-Factory PC Subsystem

7. Short and Medium Term Next Steps
