Our house is at the terminus of St. Louis Heights drive (it dead-ends into Bertram).

From campus, turn left onto Dole until it dead-ends. Turning left, one can simply follow St. Louis Heights to the end. Alternately, and more direct, is to stay left at every intersection, which will take you on, off briefly, and onto Bertram St. again.

It is a 10 min walk from campus down Dole Street to the nearest bus-stop (other side of St. Louis Heights road, near Dole Street)

The bus stops 2 houses from ours – but on the way down (you’ve been warned)

During off hours it runs roughly once per hour, with the last bus at 10pm.

Taxis from anywhere near campus aren’t very expensive, but many taxi drivers don’t like to drive up St. Louis Heights
Parking: there is generally plenty of street parking near our house

You can park anywhere except immediately in front of our house (it is an intersection, with stop sign and cars have been ticketed).

Please also don’t park in the driveway as we have tenants.

We live on the top floor, so the entrance is through the carport and up the back stairways.

The front doorway belongs to one of the tenants.
