HMB v3
Mechanical and backplane cables

10-26-2020
**Progress**
- Working on CAD Models. Sent files for simulations to Harsh
- Brackets for trackers are being printed (1 set done).
- Cable for back planes. Not big changes in Voltages levels since installed.

**Plans**
- Upload versions of the full HMB assembly
- Install brackets in black box
- **Acrylic base for fixing SCI-FI board.**
- Finishing labeling and place power supply in rack
- Feedthrough for black box
- Twisted cable pairs for Molex pads in KLM boards
- Include calorimeters in CAD model
- Find HV for Calorimeters
Current full assembly CAD model
