Proposed CRT Revisions

Buttresses to floor x4 plcs

Corner brackets x4 plcs

Can the CRT fasten to the floor in Fuji Hall?
If so, how flat is the floor?
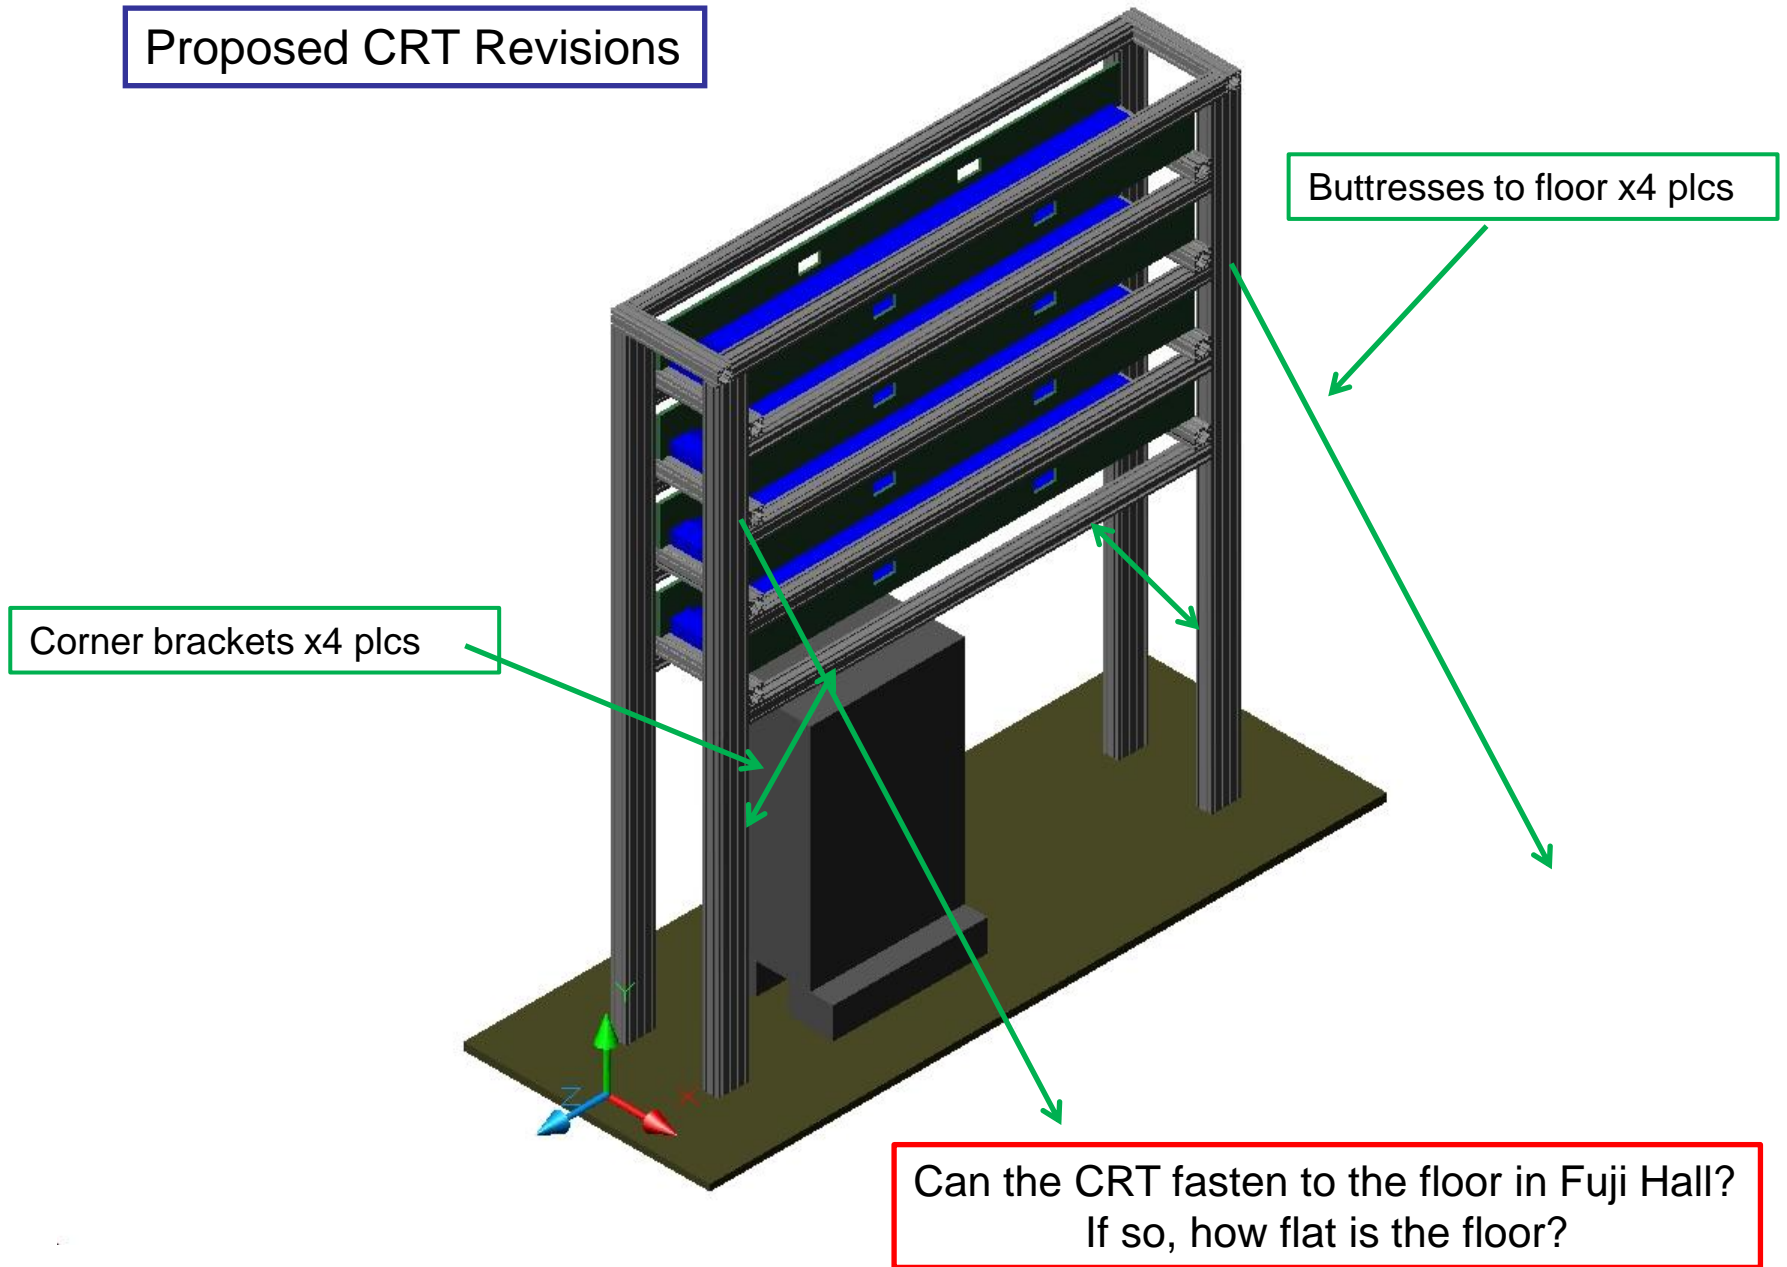

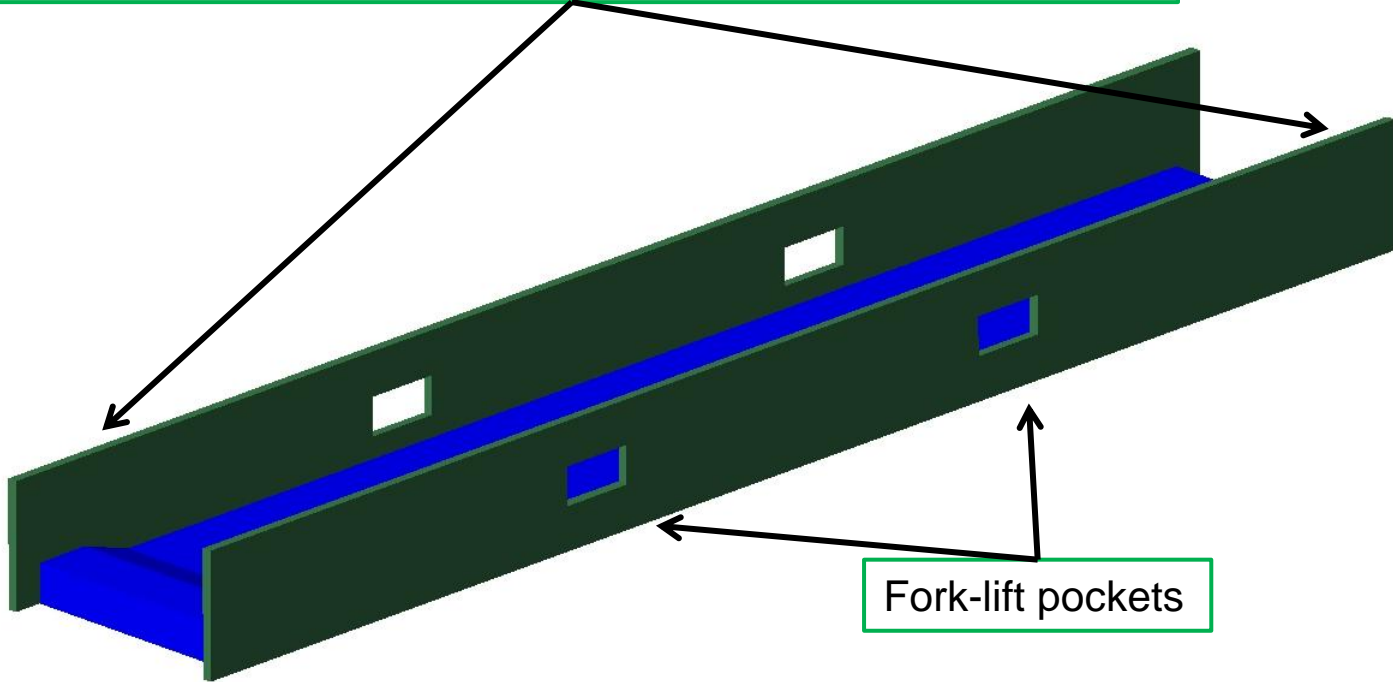

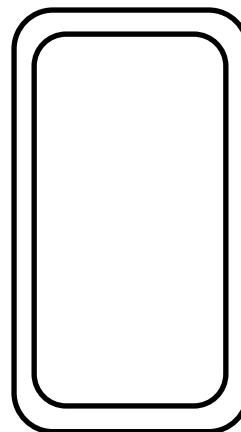

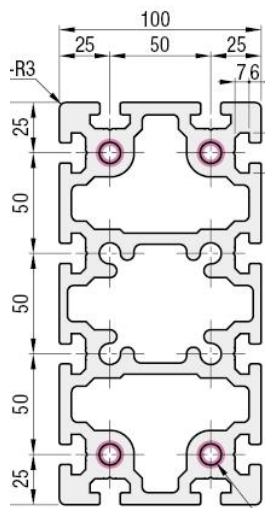

TOP module strong-back for CRT use only

This strong back model is functional in 2cm thick aluminum

Fork-lift pockets

Can the side walls of the QBBs accommodate these strong backs with appropriate mounting holes?

For FEA modeling the two Misumi extrusions shown below will be replaced with equivalent (simple) box beams that have similar properties.

200 x 100mm extrusion

100 x 100mm extrusion
